HER FATHER RUSHES ON HIM

Peter Dump's Neighbors Now Search-
ing For the Villain Near
Lamonte.

At an early hour this morning Peter Dump, a highly reputable citizen living six miles south of Lamonte, and republican nominee for assessor of this county, heard screams issuing from his daughter's room. It was about two o'clock in the morning, and securing an axe Mr. Dump rushed to the door of his daughter's room. Bursting the door open, what was his horror upon seeing a burly negro man attempting to outrage his daughter.

The negro was an employe of Mr. Dump, and was well acquainted with the premises.

Mr. Dump struck the negro with the axe, but evidently failed to hurt him, as he escaped and is now at large.

The neighbors were at once notified, and a search begun for the demon.

Up to three o'clock this afternoon he had not been found, but a telegram from Lamonte to the DEMOCRAT states that it is believed he will be captured and promptly killed.

The community is in a state of excitement, and the assaulted girl is much prostrated by the excitement.

McKinley Receives the First Oration
Tendered by the Republican
Mob Assembled.

Special to the Democrat.

MINNEAPOLIS, June 7.—The national republican convention was called to order at 12:31 p. m. The great multitude quieted down until McKinley was recognized among those on the platform, when he was tendered an ovation.

J. Sloat Fassett was elected temporary chairman by acclamation, and ended his speech amid great applause. Reed was then called for. Fassett announced that "Reed is always ready." The Maine man took the platform amid tremendous applause.

At the close of Reed's speech calls for Ingalls and McKinley drowned every sound until Sewell of New Jersey finally was recognized. He moved that the rules of the last national republican convention govern this body, and the motion was adopted.

The call of the states was then made for members of the different committees, and when Mahone arose to speak for Virginia he was greatly cheered.

The appeal of the Indian territory to be recognized resulted in the seating of her four delegates, but no voice was given her.

Upon motion of Senator Spooner the convention at 2:06 p. m. adjourned to eleven o'clock to-morrow morning.

Permanent Organization.

MINNEAPOLIS, June 7.—The committee on permanent organization proceeded to its work immediately after adjournment, and a Kilkeny cat-fight is expected in the committee.

Maine Will Accept.

MINNEAPOLIS, June 7.—A rumor is current that Boutelle has received a telegram from Blaine announcing that he will accept the nomination if tendered him.

CITY COUNCIL.

CONTRACT AWARDED FOR THE
PAVING OF THIRD STREET.

The City Engineer Not Named Yet—
Remonstrance Against Paving
East Fifth Street Feted.

Last night was the first time the city council assembled in their new quarters in the police court room.

The council was called to order by Mayor Stevens at 8 o'clock and the following councilmen responded to roll call: Bosserman, Hutchinson, Dean, Deckman, Wigton, McKenzie, Honkomp and Dugan.

The council was overwhelmed with petitions in regard to the paving and curbing of the various streets in the city.

While the clerk was assorting the petitions a motion was made that the salary of Ben Yost, a city fireman be raised from \$35 to \$55 per month; carried.

A remonstrance against the paving of East Fifth street between Hancock and Engineer streets, was filed and referred to the city engineer with orders to report to the city council.

E. G. Church & Co., again petitioned for an extension of the time for paving Fifth street until June 15th, stating as a reason, that the weather had been inclement and they were not able to complete it in the specified time. On motion of Mr. Bosserman the extension was allowed.

A complaint on account of a leaky roof was filed by the tenants of the west wing of the market house. Mr. Dugan stated that he had ordered the necessary repairs to be made.

A petition for an arc light at the corner of Osage and Ninth streets was referred to the public lighting committee.

An invitation to be present at the Tri-State (Missouri, Kansas and Arkansas) Firemen's association to be held in Springfield in July, was placed on file.

Only two bids were filed for the Third street paving. S. T. Hayde offered to put down the paving according to specifications for \$1.92 per square yard.

E. G. Church & Co. offered to do the same for \$1.85 per square yard and to take \$1.75 per square yard from property owners who would cash their bills within thirty days after the completion of the paving. On motion of Mr. Dugan the bid of E. G. Church & Co. was accepted and Mr. Hutchinson made a motion that they proceed to the paving of Third street at once.

Mr. Carroll stated that the Electric Railway company had ordered all the material needed for the Third street line and that he thought it would arrive about July 1st.

The amended bonds for the paving and curbing of Seventh street were received and accepted.

On motion of Mr. McKenzie, the city attorney was instructed to draw up an ordinance for the paving of Third street from Lamine to Engineer streets, according to the resolutions previously passed.

The name of Charles H. Zoll was presented by the mayor for the appointment of City Engineer vice Merritt Yeater resigned. His nomination was not confirmed.

The reports of the city officers for May were received and accepted. They were as follows: Market inspector, \$37.40 collected; chief of police, fines collected, \$399.15; weighmaster in East Sedalia (April and May collections), \$3.70; city weighmaster's collections, \$53; city collector's collections, \$2,840.09.

On motion of Mr. Bosserman the Bethel Sunday school was granted

the use of the council chamber two Sundays.

On motion of Mr. Dugan the Missouri Pacific railroad company was requested to place a watchman at the Ohio street crossing.

A communication was received from W. H. Powell and R. N. Morrow stating that the city engineer had created the bounds of sewer district No. 6, so as to benefit certain relatives of his and that he had permitted said relatives to tap the public sewer for private purposes. Messrs. Powell and Morrow further petitioned that said connections be condemned. Petition was referred to the sewer committee.

The mayor stated that the M. & T. railway company proposed to build a freight and round house on the grounds east of the present joint freight house and that they wished the city to vacate the ground on East Main street covered by the site of the old mill pond. The request was referred to the city attorney and he was instructed to report to the council to-night at 8 o'clock, what steps he had taken in the matter.

Council adjourned until to-night.

He received a letter to-day from a friend in the east containing a clipping from a Scranton, Pa. paper in which the happening was written up as a very strange occurrence. A few days ago he also received a letter from the Boston Society of Psychical Research, in which he was invited to correspond with the society and relate his sensations and experiences.

John says that the only thing causing him any trouble now is the constant tendency to cross his leg. The same sensation exists as if the leg was there.

HON. JOHN T. HEARD RENOM-
INATED FOR CONGRESS.

The Work of the Convention Har-
moniously and Expeditiously
Transacted.

While Hon. John T. Heard was at his post of duty in Washington looking to the interests of his constituency the people of his party in his district quietly met, selected representatives to a convention and unanimously and heartily endorsed his official record and his personal honesty and efficiency. Nor is this endorsement confined to the members of the democratic party. Men there are who rise above party and who believe that Mr. Heard is a true representative of the people, and they endorse him therefor. It is an honor to so hold the esteem of the people, the custodians of popular liberty and progress, and Mr. Heard has reason to be proud of the sentiment he has engendered in the public mind toward himself.

At 10.30 o'clock this morning the congressional convention of the Seventh district was called to order by Hon. John H. Boughner, chairman of the district committee.

Col. T. C. Love, of Greene county, was named temporary chairman, and Thomas S. Carter, of Boone, as secretary.

The roll of counties was then

mittee.

Upon reassembling, the report of the committee on credentials was read and adopted. There were no contests. Hickory county was the only county unrepresented. All the other counties had full representation.

The order of business provided that the temporary organization be made permanent, the report being adopted.

The roll of counties was then called for nominations for candidates for congress.

Greene county responded through W. T. Atkinson, who named Hon. John T. Heard "for renomination and, of course, for re-election."

Jno. S. Fleming, of Pettis county seconded the nomination of Mr. Heard, as did R. B. Beck for Polk county.

Jno. G. Miller for Saline county, in a very neat and complimentary speech, announced that Saline was full of statesmen who were doubtless qualified to fill the office of congressman, but they had not one who could take the place of Hon. Jno. T. Heard, and that the eighteen representatives of Saline county had been sent here, to vote as a unit for the able, active and worthy representative of the new Seventh district.

Ed. T. Orear, of Saline moved that the rules be suspended and the nomination be made by acclamation, which motion was adopted.

The following congressional committee was named by counties: H. T. Patton, of Benton, E. S. Carter, of Boone, E. P. Miller, of Greene, J. O. Winn, of Howard, T. F. Mitchum, of Pettis, R. B. Beck, of Polk, and J. R. Edward, of Saline.

The committee on resolutions reported as follows:

WHEREAS, The Hon. John T. Heard, representative in congress from the Seventh district of Missouri, has uniformly labored in behalf of the interests of the masses of the people, and has persistently opposed all class legislation and has steadfastly fought the idea and theory that a free and popular government has a right to foster and build up by any scheme of taxation or otherwise the special interests of a chosen few as against the many; and

WHEREAS, In all things and at all times the Hon. John T. Heard has ever proven faithful to his constituency; therefore, be it

Resolved, That the democracy of the Seventh congressional district, in convention duly assembled, do unanimously endorse the official actions of the Hon. John T. Heard, and do recommend him to the electors of the district as a true and tried representative of the people, worthy of their continued trust and confidence.

The report was enthusiastically adopted.

On motion the chair appointed T. S. Carter of Boone, Ed. T. Orear of Saline and A. A. Johnson of Greene as a committee to notify Mr. Heard of his nomination.

J. T. Montgomery offered a resolution welcoming Greene to the district, which was spoken to and unanimously adopted.

Adjournment was then taken.

Will Cause Joy to Boonville.

Special to the Democrat.

WASHINGTON, D. C., June 8.—
By unanimous consent, the house

has just passed senate bill confirm-
ing the title to Boonville town site.

The above will forever settle a contest that has caused many of the Boonville people to lay awake at night wondering whether they really owned their own homes. Several years ago A. C. Widdicombe, a Boonville lawyer, while seeking for office in Washington got access to the old patent records. He succeeded in finding a technicality in the Boonville town site and at once proceeded to make trouble for its present owners. Mr. Widdicombe undoubtedly has no sympathy from Boonville people in his defeat.

GOODY, HERE COMES

The EVENING DEMOCRAT.

"I would earnestly advise them for their good to order this paper to be punctually served up and to be looked upon as a part of the tea equipage."—ADLAW.

MOR LAW.

What is mob law?
A "mob," primarily, is the lower classes of the people. And, secondly, an unlawful assemblage.

Hence, "mob law" would seem to mean the will of the lower classes or of an unlawful assemblage, an assemblage not sanctioned by law, or met for purposes contrary to law.

Mobs, at the present time, are being much discussed all over the country. It is occasioned by the the numerous lynchings which have lately resulted from the perpetration of great crimes.

Mob law is bad; but it is the only law that will reach certain cases; and as mobs are made up of the people who deal with one of their own number there is not so much to be logically said against mobs as might at first appear.

Mobs are to be deprecated. Mob law is the last law to be resorted to. But mobs seem at this time to be denounced more because of sympathy for the brutes who are mobbed than because mobs are in themselves wrong.

Church organizations of certain sections are denouncing the outrages against the negroes because certain demons with black skins have been hanged, burned or shot. A negro committee has waited upon the president and told him a tale of woe, the burden of which is that members of their race are being mobbed to death for crimes blacker than the pits of hell.

What does it matter to an honest man, white or black, whether or not a rapist is shot, hanged or burned, except as a question of polity?

What difference is it to a race how crime is punished, if honest men belonging to it are accorded the rights recognized for other races?

When mobs are denounced through sympathy for a race who furnishes by crime the victims for these mobs there is a morbidity in the sentiment that is devoid of intelligence. It is an exhibition of senility.

Mobs are wrong. There is but one excuse for a mob, and that excuse can be remedied by law. When the victim of a crime must be tortured on the witness stand in order to convict a criminal confessedly guilty, then that criminal should be killed without trial. When the sacred person of womanhood is violated by lust then the being whose passions are his master should be stricken from among the living without form of law. This can be made legal, and should be. But in the meantime when these fiends are found, hang them, which is the lightest punishment to be inflicted.

And let those who disapprove of mobs devote themselves to the development of a higher plane of life in those who furnish the world with examples of almost inconceivable cruelty and wickedness, and who are justly blotted from the face of the earth as quickly as possible, without regard to race or condition. Remove the cause of crime, depravity, by education and there will be no crime, no results of crime, "mob law."

EARLY CLOSING.

The clerks are to be congratulated upon their success in securing the almost universal adoption of the early-closing rule. It is a step toward industrial reform, and will work good not only to the employees of houses, but to the business interests of commerce itself.

Clerks can give better service who go to their work fresh in the morning. An evening of recreation strengthens the mind and body, and intelligence is as needful to good service as is vigor of the physical man.

Trade, it has already been demonstrated, is not hurt by early closing, especially in warm weather, and business men are glad to take advantage of this fact to improve the character of the service they employ and give to the army of industry needed rest.

With shorter hours of service a better class of employees will result, as many men and women who are desirable in this line of work refuse to enter it because of the arduous hours.

Let the good work go on. It helps elevate mankind by elevating conditions, and the time will come when a more equal division of burdens and responsibilities, resulting from a more equal development of capacity and a more equal enjoyment of the amenities of life, will make existence much more tolerable to all classes of mankind.

Which is the greater—man or money?

The republican papers have been kept flopping around considerably the last few weeks.

WARNER wants to win on wind. High-priced blankets and low-priced wheat are in his way.

THE sun really seems determined to rule the weather, though it seems to require a great effort.

SEDALIA is willing to build her own streets and then in addition will pay taxes to help build county roads.

VOTE bonds for county roads. Sedalia will pay her share of the tax and will not get a single load of gravel.

BLAINE does not want the nomination. He wants to defeat Harrison, and it looks very much as though he would succeed in doing it.

THE kite track of Sedalia will give the prettiest view of races of any track in the world, as the heels of the horses can be seen from start to finish.

THE nomination of either Blaine or Harrison will defeat the republican party this fall, and there is no other republican who could be elected.

THE work of paving three streets going on at the same time will be an encouraging sight for Sedalians. Wading in the mud is to be a thing of the past in the Queen City.

THE underwriters, of course, are much pleased with Sedalia. The politicians who are here are always pleased with Sedalia. And the bankers, who are to follow, will all be pleased with Sedalia. Sedalia is a pleasing town, but needs a convention hall and a big hotel.

A LIVE TARANTULA.

An Ohio Street Clerk Finds One in a Bunch of Bananas and Dances a Hornpipe.

Yesterday evening a clerk employed by John W. Hicks, the Ohio street grocer, was breaking and selling a number of bananas, when a large tarantula sprang from the bunch beneath his hand, alighting upon his hand and then springing to the sidewalk. The young man immediately prepared to kick the bucket, but a close examination showed that he had not been bitten.

The ugly and poisonous spider immediately prepared to give battle and got ready to spring at whoever approached it. A number of society young ladies were passing at the time, and for a moment there was a whirlwind of silk skirts and brilliant hosiery. Bob Morrow got a large bottle and succeeded in capturing the foreigner and now has him preserved in alcohol.

The bananas were a recent and direct shipment from the port of New Orleans, and his highness, the tarantula, had journeyed in his novel home all the way from some of the West India islands.

A WOMAN FREE MASON.

The Only One of Her Kind Known to the Fraternity.

The only female Free Mason in the world lives in Oakland, Cal., at 572 Tenth street. Her name is Mrs. Salome Anderson, and her portrait adorns the temple of Live Oak lodge No. 61, where it is placed in a position of honor among the pictures of the past masters.

The story of how she became one of the craftsmen is interesting. She was born in Alsace-Lorraine in 1819, she becoming an orphan at an early age she went to Paris to reside with her uncle, who was a zealous and prominent Mason. The lodge meeting were held in his house, and with the curiosity of her sex, she concealed herself in the room during a couple of sessions, and thus learned some of the mysteries of the order.

She was, however, caught while thus hiding, and the secrets that she had discovered, were then made a sacred trust, for she was received into the fraternity.

She located in Oakland in 1854, and in 1865 her husband was elected in the city council. He died in 1867, and since then she has devoted herself almost entirely to charity, her attention being, however, foremostly directed to Masonic enterprises.

She was elected a member of the board of trustees of the Masonic Temple, a circumstance unparalleled in the history of Freemasonry. She is also a charter member of Golden Gate Chapter No. 1, Order of the Eastern Star, and is a member of Oak Leaf Chapter No. 8.—San Francisco News-Letter.

THE LAST OF MAY.

One song of May before she takes the veil:
Before the grey-walled convent of the past
Has shut her in! I followed in the trail
Of sound the bees, her mimnisinger, cast
From silvery lute strings, till I reached at last

Her court. I drew the impleached green in twain
And, breathless, watched her, with her eyes hung fast
In quently quietude. I felt a pain,
Like the rich pressure of a crown, constrain
My brow in gazing. Such expression swayed
The purple of her cheek (love's dear domain)

It was the look of one who feels the weight
Of the dark coming of a mortal fate—
Who feels, yet, royally, is not afraid.

TO ARREST JAY GOULD'S SON.

George Gould is Said to be Violating the State Game Laws of Colorado.

George Gould is liable to be arrested for violating the game laws of Colorado, if dispatches from Denver can be credited. It is claimed that the young railway magnate has shipped no less than fifteen carloads of live deer and elks from that state to his preserves in the Catskills, and Game Warden Land of Colorado says he will arrest Jay Gould's son on sight for this alleged violation of the game laws. Another consignment is expected to be shipped over Mr. Gould's own Missouri Pacific railroad, either from Walcott or Gypsum, Colo., and constables have, it is claimed, been ordered to arrest the whole

outfit. It is thought, however, that young Mr. Gould has sent the herd over the line into Wyoming for shipment.

The Minneapolis Convention Hall Dedicated.

HON. CHAUNCEY M. DEPEW SPOKE.

Over 12,000 People Were Present—Meeting of the National Committee—Mr. Fassett, of New York, to Be Temporary Chairman—The Colored People.

MINNEAPOLIS, Minn., June 7.—The republican convention hall of '92 was opened to the general public last night and was an event long and pleasingly anticipated in local and musical circles—a grand concert by a chorus of 1,000 voices supported by the Second regiment band of Chicago. A vast audience, numbering over 12,000 people and filling every seat for distances as far as the eye could reach, surveyed the inspiring scene, which bids fair to become a memorable political battle ground. Striking changes have been made in the interior appearance of the exposition building, which is the boast of Minneapolis.

Surrounding the walls on every side rise seats in tiers, giving to the hall a greater width than depth, with rectangular corners. The decorations are very simple but very beautiful. At four conspicuous places American flags are festooned under old gold hangings and patriotic effects. The hall may be considered to be half as large as was the old, unvisited, temporary structure built at Chicago for the republican convention of 1880. In that hall the convention sat lengthwise of the building. Last night, however, the stage, with its great military band, its piano and its 1,000 voices, spreading and retreating to the eastern upper walls, filled an entire breadth of the chamber.

At 8 o'clock upon the conclusion of the overture of the opera of Rienzi, the audience was well seated and received the opening number with every evidence of delight. Various choruses and solos preceded the speech of Hon. Chauncey M. Depew, whose coming was hailed with such an uproar as only many thousand persons can make.

THE NATIONAL COMMITTEE.
The selection of the temporary chairman of the national convention has been a feat which exhausted all the subtle resources of both factions. The meeting of the national committee yesterday morning consumed an hour or two without any tangible result, and all the afternoon and early evening was consumed in negotiations which were equally fruitless. When the committee met yesterday morning it became early manifest that a compromise over the selection of the permanent chairman would be very difficult indeed.

The candidate of the Blaine members of the committee was J. Sloat Fassett, of New York, but the Harrison people vigorously objected to the selection of Mr. Fassett. They stated that they thought that some one should be chosen who, if not unidentified, had not sought to be one of the leaders on either side of the presidential contest.

The Blaine people maintained that Mr. Fassett would be eminently fair to all parties, but the Harrison members did not desire that the selection of the New York gentleman should give the appearance of a Blaine victory in the choice of a temporary chairman.

Mr. Clarkson and the other Blaine members finally expressed their willingness to select Mr. McKinley as the temporary chairman, but some one stated that the Ohio governor did not desire to be considered a candidate for this honor, and as he was generally understood to be very likely to be selected for the higher honor of permanent chairman no further attempt was made to compromise on his name. The president's friends suggested Senator Cullom, of Illinois, as a man who ought to be suitable to all parties, but the Blaine men promptly objected to the selection of the distinguished Illinoisan. They contended that every objection that could be urged against Mr. Fassett was equally strong against Senator Cullom. The latter, they maintained, was not only a Harrison man, but was the leader of a delegation which with himself has been specially instructed to support the president for renomination. Besides they said Senator Cullom had taken particular pains since his arrival in this city to identify himself with the Harrison movement and they could not see how he could be considered in any way a compromise candidate. All efforts to arrive at an amicable agreement seemed impossible and when the committee met again at 9 p. m. the indications were that a decisive fight would be necessary to settle the question and the result would indicate whether Blaine or Harrison were the stronger in the national committee.

When the night session assembled the Harrison men made their fight in the national committee. Mr. Fassett and the result was twenty-nine votes for Fassett and ten for Cullom. Mr. Fassett will be temporary chairman of the national convention. This was a test vote and shows that Blaine men are in control of the committee. The defeat was accepted and the nomination made unanimous.

Speeches were made in favor of Fassett's candidacy by John S. Clarkson, Senator Quay, Hon. H. C. Payne, of Wisconsin; Chase, of Rhode Island; Conger, of Ohio, and Fessenden, of Connecticut. Senator Cullom, representing the Harrison wing, was placed in nomination by Mr. Carey, of Wyoming. Senator Cullom's candidacy was sustained by Mr. Evans, of Minnesota, and Mr. Bradley, of Kentucky. The nomination was seconded by Gov. Mellette, of South Dakota. Mr. Fassett received the vote of the following states: Alabama, California, Colorado, Connecticut, District of Columbia, Idaho, Kansas, Louisiana, Maine, Massachusetts, Michigan, Missouri, Nevada, New Mexico, North Carolina, North Dakota, Ohio, Oregon, Rhode Island, South Carolina, Utah, Vermont, West Virginia, New York, Wisconsin—26.

For Cullom—Arizona, Arkansas, Del-

aware, Georgia, Illinois, Indiana, Kentucky, Maryland, Minnesota, Mississippi, Montana, Nebraska, New Hampshire, New Jersey, Oklahoma, South Dakota, Tennessee, Texas, Virginia, Washington, Wyoming—31.

The election of Mr. Fassett to the temporary chairmanship is considered a test of the relative strength of the Blaine and Harrison forces in the national committee and in the election of Mr. Fassett, Blaine winning has secured an initial advantage.

The Harrison men claim that the vote in the national committee was not strictly a test one and that they are stronger. Some sentiment was aroused, they say, by the fact that the New Yorkers as a whole asked for it in the following letter:

To Members of the Republican National Committee:

Gentlemen—We, the undersigned, respectfully submit J. Sloat Fassett to be made temporary chairman—Thomas C. Platt, Chauncey M. Depew, Warren Miller, Frank Hisecock.

John Dwight, who held Mr. Fassett's proxy, put him in nomination. The most effective speech was made by Fassett, who said that Fassett was a republican worker who had taken the gubernatorial nomination and sacrificed himself for the country.

A resolution was adopted urging that Gen. Mahone be placed on the national executive committee.

The following have been selected officers of the convention: Temporary secretaries—Charles W. Johnson, Minneapolis; William Arthur Polk, Ohio; Cardon Lake, New York; Gen. Lee, San Francisco; Joseph G. Brown, Pennsylvania; W. P. Brownlow, Tennessee; A. S. Clark, Massachusetts.

Assistant secretaries—T. F. Simons, California; P. O. Churchill, Delaware; Aaron Bradshaw, District of Columbia; Charles Hopkins, Ohio; A. W. Monroe, Maryland; C. S. Morris, Kentucky; J. W. Dimmick, Alabama; James Blaine Walker, Montana; T. V. McAllister, Mississippi; Otto Gramme, Wyoming.

Reading clerks—C. F. Haney, Minneapolis; J. H. Stone, Michigan; John S. Kenyon, New York; H. S. Oliver, Ohio; Charles Curtis, Kansas; Charles Partridge, Illinois; Thomas B. Meigs, Wisconsin; W. E. Riley, Kentucky. Official stenographers—Theodore C. Rose, New York; James F. Burke, Pennsylvania.

THE COLORED PEOPLE.

The movement started in Chicago having for its object the protection of negroes in the south from violence and lawlessness and in their right to vote, has come in Minneapolis to a point where it seems to figure in the political fight over the nomination for president.

The movement now has the support of J. M. Langston, of Virginia, while ex-Senators Bruce and Lynch, who represent the other wing of the negro element, are opposed to the scheme. Langston, in an interview yesterday, said that the negroes proposed to push the matter. He said:

The feeling of the colored people in one word is this: That any needed legislation with respect to the position of the white and colored voters of the south should be secured through the agency of the republican party of the United States. If there is no legislation it is the feeling of the colored people and their friends that the laws heretofore enacted should be promptly and effectively enforced. These laws, calculated to enforce the doctrines and principles of the fourteenth and fifteenth amendments have been entirely ignored and left neglected and unenforced by the present administration of the federal government. It is generally felt by the colored people that Attorney General Miller is a man wanting in legal knowledge and disposition to enforce the laws upon the basis of reconstruction in the south, that he will, in fact, do nothing as attorney-general to this end. The colored men feel that with Attorney General Miller in the cabinet of the president, no change could be expected in the administration of the department of justice and we would be left in the same condition that we are to-day with murder, lynching and other deeds going ununished. We desire a change and a change which will benefit the southern section of our country through the influence of laws wisely maintained and enforced. We mean to organize and to get from the national convention a high, brave, patriotic utterance on the subject of the protection of the negroes in the south.

Auditor Lynch, of the treasury, said that he has not heard of any organized movement and announced himself as opposed to it. He said that the colored men expected of the republican party, and would secure of it, recognition of their rights. What they wanted and would ask was that the party should put in its platform a plank guaranteeing to the colored men the right to vote and to be free from intimidation. They wanted a law passed for the federal control of elections wherever a right was denied to them, but he again remarked that he would not take part in such a movement as the present seemed to be.

TO RUN FOR CONGRESS.

Missouri's Assistant Attorney-General Resigned So as to Make the Race.

JEFFERSON CITY, Mo., June 7.—Edward Rable, assistant attorney-general, tendered his resignation last night to take immediate effect. Mr. Rable has decided to enter the race for congress in the Thirteenth district subject to the democratic convention, hence his resignation. He has made a splendid record in the attorney-general's office, and Gen. Wood parts with him reluctantly. Mr. Rable's successor has not yet been named.

Pacific Railway Directors Elected.

HASTINGS, Neb., June 7.—At the annual meeting of the stockholders of the Pacific Railway Co. in Nebraska the following board of directors was elected for the ensuing year: Edwin Gould, New York; C. M. Rathbin, Atchison, Kan.; H. R. Howe, Auburn, Neb.; W. P. McCreary, Hastings, Neb.; J. W. Waggoner, Atchison, Kan.; S. H. H. Clark, Omaha, Neb.; E. G. Merriam, St. Louis, Mo.

A Doonville, Mo., Paper Sold.

DOONVILLE, Mo., June 7.—The semi-weekly Star, an independent newspaper of this city, was sold by L. A. Kline to J. W. Smiley and Lucien Wright, both of this city. The paper will remain neutral in politics.

Near Grayson, Ky., the other day Austin Porter was hanged by a mob. On May 25 Porter killed his wife. The mob gathered at midnight, forced the jailer to deliver the keys and took Porter out and hanged him to a railroad bridge. Porter confessed the murder.

Near Salysville, Ky., in a fight at a public primary election Joseph Higgins shot and killed Robin Daniel, ex-county assessor. Daniel B. Green lost an arm in the fracas and Elijah Dungan was injured, probably fatally, by being struck with a rock.

CHILDREN MISSING

From the Disaster at Oil City, Pa.—Ten Bodies Found.

WHAT HAS BECOME OF THE REST?

The Estimate of Loss of Life at Oil City is 150 to 200, and at Titusville at Least 100—Over Two Miles of Territory Destroyed—Asleep When Drowned.

OIL CITY, Pa., June 7.—A day full of excitement and harrowing scenes has closed here, and thousands who have been seeking for the dead and aiding the suffering have gone to rest. Not all, however, for all along the burned section can be seen groups of persons still hunting for their loved ones. They do not seem to weary or despair, but dig into the accumulated filth and rubbish with bare and bleeding hands. Many of them have not ceased for a moment in the search for the dead. Without food and sleep, the unweary are continuing in their task. For many of them the work will be without result, for it is now certain many of the bodies have been either burned to cinders or swept into the flood.

The banks along the creek are caving in, and many a victim has gone to his last resting place unattended by mourning friends and with no ceremonies.

At a late hour last night sixty-seven bodies had been taken from the ruins, and this practically ends the work of the searchers until to-day. Those who are acquainted with the locality where the most damage was done, say that the loss of life must reach at least 150 and many put the figures at 200. The number of the bodies recovered gives no fair estimate of the number lost.

The section where the loss of life is greatest was largely occupied by foreigners employed in the tube works. No one knows their names, but it will be impossible to ever learn just how many are missing. In this section also were a vast number of children, or, as one citizen puts it, there were swarms of them. Out of the bodies recovered only ten were children, and the great question is, what has become of the rest of the children?

Oil creek, the scene of the great disaster, rises in the northern part of Crawford county and flows in a generally southerly direction to Titusville and from there almost due south to the Allegheny river at Oil City. Just below Titusville it is joined by East Oil or Pine creek.

Between Titusville and Oil City there are nine hamlets where oil wells have been running which have attained the dignity of post offices. From Titusville toward Oil City, in order, the towns are: Titusville, 8,073; Boughton, 100; Miller Farm, 100; Meddith, 200; Pioneer, 100; Petroleum Center, 200; Columbus, 300; Rynd Farm, 300; Rouseville, 300; McClintock, 100; Oil City, 10,932. The eighteen miles between Titusville and Oil City probably represent a population of from 40,000 to 45,000.

AT TITUSVILLE.

TITUSVILLE, Pa., June 7.—At least 100, and more probably 150 lives have been lost here, and \$1,500,000 damage done by a fearful cloudburst which caused a flood to sweep down Oil creek and devastate this town and the surrounding country. Fire added to the horror of the situation.

The flood came in the dark hours of Sunday morning when the people were enjoying their soundest sleep. Scores of dwellings in the lower part of the city were swept away in a moment and dozens were drowned even while asleep.

An idea of the amount of territory covered by the flood and fire can be obtained when it is stated that over two miles were destroyed. This includes railroads, factories, refineries, private dwellings, etc.

NEW YORK DEMOCRATS.

Delegates Selected at the February Convention Meet and Decide to Stand By Senator Hill.

NEW YORK, June 7.—Pursuant to call the delegates to the democratic national convention met here yesterday evening.

Chairman Murphy called the meeting to order, and on the roll call all the delegates, or in one or two instances alternates representing delegates, responded to their names. Senator Hill was the only conspicuous absentee. Secretary Charles De Freest read the following resolution offered by Gen. Henry W. Slocum:

Resolved, That we, the regularly elected delegates to the democratic national convention do reaffirm our pledge to present the name of Senator D. B. Hill as our candidate for president, and be it

Resolved, That we will vote for him until he is nominated or as long as he will permit his name to go before the convention.

The reading of the resolution was received with great applause and the calling of the roll was begun.

Gov. Flower was the first name called and he voted "Aye." The only break in the list of affirmative votes was that of Benjamin Wood, of this city, who voted "No." The result was that the resolution was adopted by a vote of 69 to 1.

Committees were appointed on resolutions, credentials and permanent organization; the situation was discussed in a most harmonious manner and the meeting adjourned to meet at Chicago on the Friday preceding the convention.

Monday's Race Winners.

MORRIS PARK, N. J., June 7.—The winners yesterday were: Stonell, Wydotte Colt, Katis A. Morello, Banquet and Now or Never.

At Cincinnati—King Funster, Foxall, The Reaper, Dolly McConce, Henry Young, Speth and Palestine.

At St. Louis—Packhouse, Gracie S. Haymaker, Walter, Tom Hood, Mand B. and Servitor.

Agent Ashley, of the Darlington, I. T. agency, says that the Daltons got over \$6,000 in holding up the Santa Fe at Red Rock. He says he has his information from an inside Santa Fe source. The report that the robbers secured \$60,000 Indian annuity money was purely a fiction.

JOHN A. ANDERSON'S FUNERAL.

His Body Interred at Junction City With Appropriate Ceremonies.

JUNCTION CITY, Kan., June 6.—The old home of John A. Anderson was in mourning yesterday. Washington street is draped with emblems of death and flags are at half mast. The Presbyterian church, in which the remains repose in state, is heavily draped within and without. Hundreds of people from all parts of the state were here to pay a last tribute to the distinguished dead by their presence.

The special from Manhattan with the body consisted of six coaches and 400 people. It arrived at 11:30 o'clock and was met at the depot by guard of honor, pall bearers, members of Grand Army and the Seventh cavalry band and escorted to church, where for two hours thousands of old friends had an opportunity to take a last look at the dead. At 1:30 o'clock a touching address was delivered by Rev. D. C. Miller, of Manhattan, at the conclusion of which the Masonic fraternity took charge of the body.

The remains were followed to Highland cemetery by one of the largest processions ever seen in this section of the state. All the secret societies interested themselves and the stores were closed from 11 a. m. to 4 p. m. by the mayor's proclamation. At the conclusion of the ceremonies at the grave, Sergeant William G. Hardy, chief trumpeter of the Seventh cavalry, sounded taps.

HIS POSSIBLE SUCCESSOR.

WICHITA, Kan., June 6.—Col. Milton Stewart, of this city, is mentioned as a possible successor of the late John A. Anderson as United States consul at Cairo. Mr. Stewart and the dead consul were personal friends for twenty-five years.

KANSAS GERMANS.

An Organization Perfected at Lawrence—Christened the German-American State Association.

LAWRENCE, Kan., June 7.—An organization of German voters was perfected here this morning. Delegates were present from all the larger towns and from the counties which have a large German vote. It was christened the German American State association and by-laws were adopted setting forth the object and plans of the organization.

The association will be non-political in the sense that it will not affiliate with any political party, but will vote for the party and candidates which give promise of relief sought. The political feature of the organization will be the repeal of the prohibitory law.

The organization is in no way connected with the Turner or other German societies, but is intended to include all Germans who can subscribe to the by-laws.

Organizations will be formed in every county in the state and yearly dues will be paid into the state association. In each of these counties an executive committee will be appointed to keep a roll of the German citizens and see that naturalization papers are obtained as fast as they become eligible voters. Annual conventions will be held, the first at Topeka during September.

H. Vanlengen, of Topeka, was elected president of the association and Dr. E. J. Lutz, of Kansas City, Kan., secretary. At the last annual meeting of the Turner societies of this state a resolution was introduced providing for a meeting of this kind and it was voted down. There is opposition to the organization among some of the religious societies.

A MILL DAM BURST,

And Swept Thirty Houses From Their Foundations at Union City, Pa.

UNION CITY, Pa., June 7.—Last evening Clark's mill dam at Union City burst and a wall of water swept through the town carrying thirty houses from their foundations. While many persons were badly hurt none lost their lives. Hundreds of horses and cattle were drowned. The damage will reach not less than \$100,000.

The towns of Garland, Pittsfield, Columbus and many other places are under water. At Pittsfield the operator, J. E. Mead, stood at his post and worked his instruments with the water three feet deep in the office and the building surrounded by the roaring flood.

Challenged to Fight a Duel.

WICHITA, Kan., June 7.—I. N. Bird, a prominent attorney, has challenged Judge Reed to meet him on the field of honor at any point the judge may desire within 100 miles of Wichita. The quarrel originated two months ago during proceedings in court, when the attorney and the judge interchanged some uncomplimentary remarks. The matter was dropped for a time, but the sore appears to have irritated Bird to such an extent that on Saturday he sent a registered letter containing a challenge to fight with anything except knives.

NEVADA, Mo., June 7.—T. Moore, a desperate character, was shot and killed by a posse about five miles north of Jerico Springs this morning. Moore had lived here for six months and bore an unsavory reputation. He never had a companion and his life was a mystery. He had stolen several horses.

The Daltons Secured \$6,000.

RENO, Ok., June 7.—Agent Ashley, of the Darlington agency says that the Daltons got over \$6,000 in holding up the Santa Fe at Red Rock. He says he has his information from an inside Santa Fe source. The report that the robbers secured \$60,000 Indian annuity money was purely a fiction.

Fell in the Mud.

A country fellow made a great
show of himself in front of the First

got into a row with one of these
"smart" newsboys and started to
run after him. He grabbed for the
boy but slipped and fell into the
mud, rolling quite a distance. The
crowd "guyed" him vociferously.

FOOT AMPUTATED.

**Robert Blunt Undergoes a Severe
Surgical Operation at His
Home.**

Robert Blunt, father-in-law of
Dave Lester, living at No. 2019
East Fourth street, was compelled
to undergo a heroic and painful
operation yesterday.

Mr. Blunt has reached the age of
60 years and has been in poor
health for a long time. This finally
resulted in senile gangrene of the
right foot, a most malignant and
usually fatal disease. The malady
progressed to such an extent that
it was found necessary to perform
an operation to save his life. Dr.
I. T. Bronson accordingly amputated
his right foot just above the ankle.

The many friends of Mr. Blunt
condole with him in his affliction
and trust that he may soon recover.
His medical attendant reported that
Mr. Blunt was resting quite well
and spent an easy night.

INSURANCE MEN.

**They Meet to Perfect Plans for Har-
ving a State Organization.**

The insurance underwriters of the
state of Missouri met in convention
in Sedalia at the Commercial club
rooms to-day. Their purpose is
to perfect an organization of the
insurance underwriters of the
state. The Missouri
men now belong to the Missouri,
Kansas and Nebraska association
and it is their purpose to withdraw
from it.

A prominent insurance man said
that this association was practically
no more as the Nebraska men had
gone to themselves and that the
laws of Kansas would necessitate a
distinct association in that state.

The gentlemen met this afternoon
with A. P. Pickney, of Kansas City,
as temporary chairman and Phil
Knighton, of Hannibal, as tempo-
rary secretary. At 3 o'clock a com-
mittee of five was instructed to con-
sult and report upon the advisabil-
ity of organizing a state association.
The work was not completed as we
go to press.

A Popular Railroad Man.

The *Republic's* picture gallery has
the picture of Gen. J. H. Lyon, of
the passenger department of the
Missouri Pacific at Kansas City.

J. H. Lyon was born at Buffalo,
N. Y., June 7, 1842. He entered
and railway service in May, 1858, and
until 1866 he was clerk with the Bee
Line. From 1866 to 1871 he was
traveling agent for the same line,
and from 1871 to 1884 Western
passenger agent. Since 1884 he
has been Western passenger agent
for the Missouri Pacific. His mili-
tary title comes to him through the
order of Knights of Pythias, where
he holds the commission of Brig-
adier General.

AT THE TRACK.

**WHAT CAN BE SEEN BY A DRIVE
AT MORNING.**

**New Horses Constantly Filling the
Stables--A Lively Scene--Some
Amusing Races.**

A reporter took a ride with Secre-
tary A. L. Burr to the kite track
and the jockey stables at the fair
grounds this morning. The rain of
last night had interfered somewhat
with the work of construction and
the teams and men did not start
until about 10 o'clock. The veter-
an track builder, Seth B. Griffin, is
acting upon the old adage,
"make hay while the sun
shines," and makes dirt fly like
a Rocky mountain snow-plow strik-
ing a gulch whenever he gets a
chance.

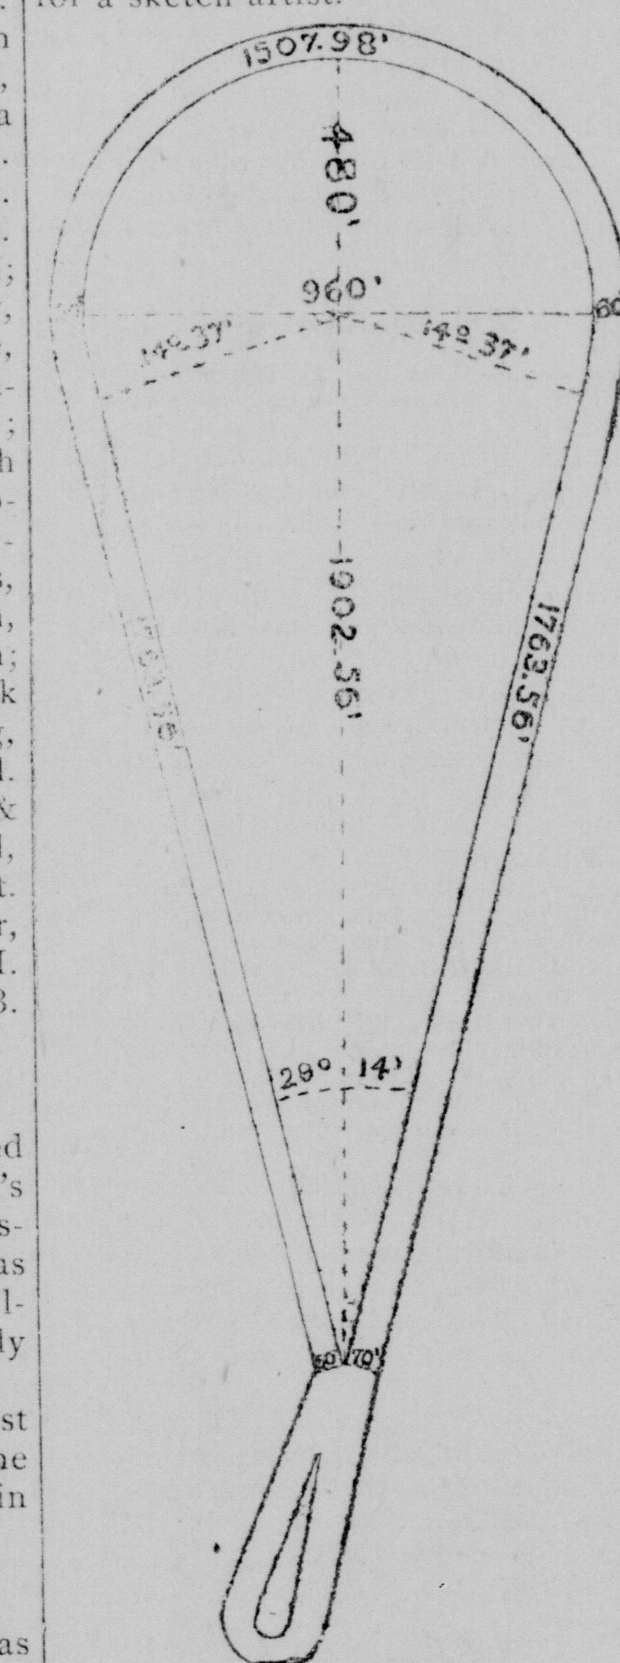

The ground at the loop is being
plowed, scraped and leveled for the
start and finish and the grand stand.
Considerable of the home-stretch
has been sodded and quite a dis-
tance of it finished. The sodding
is done rapidly, and makes a foun-
dation that has no equal.

The completed track is smooth as
a ball-room floor, and Sam Fuller
and the rest of the horsemen have
already been running foot-races
and turning hand-springs upon
it to test its qualities. A sub-
stantial and customary race-track
fence is being built and already
bounds much of the track.

Secretary Burr stated that plans
and specifications for the grand
stand were now being drawn up. It
will be but a short distance from
the old street car stables, and just a
few steps from the electric line, mak-
ing it very easy of access to the
multitudes that will pack it dur-
ing the coming months. Its capac-
ity will be about 7,000. The build-
ing will be about 300 feet long and
will contain in the neighborhood of
25 tiers of seats.

With unvarying good weather, the
great track will be completed within
fifteen days. The immense fill at
the curve is practically finished and
constituted almost the bulk of the
work.

The location is an ideal one for
a great racing ground. Surrounded
by gently rolling meadow lands,
dotted here and there with white
farmhouses nestling in groves of
dark green trees, the eye can
wander uninterruptedly to the dim
horizon in the blue west. On either
side, the lines of the Missouri Pac-
ific and M., K. & T. railways
lead a diversion to the scene as
many trains go gliding to the west
and south. They are too far away
to disturb the quietness of the
scene with their noise. The land-
scape is charming in every particu-
lar and would furnish good material
for a sketch artist.

Among the Jockeys.

The fair ground track is constan-
tly used as a training ground for the
large number of race horses in the
stables. Secretary Burr sees that
the track is kept in a good condi-
tion, much to the satisfaction of the
horsemen.

Owing to the heaviness of the
track but little speeding was done
this morning. A lively time was had
this afternoon by "Blazeberry,"
"Telegraph," "Kentucky Union" and
"Walnut Boy."

Blair Bros. had their jockey send
the famous "Falcon" through some

warming up heats this morning.
This old veteran of many hard
fought battles began to get on his
metal the minute his fleet
feet struck the track. He
is still in the stud, but his
owners intend tracking him at the
end of the season. If "Falcon"
doesn't make some of the "younger
fry" get a hump on themselves it
will be a wonder.

H. C. Tyndall arrived from Fay-
ette last night, bringing his beau-
tiful sorrel stallion "King Herod," who
trots in 2:21 3/4. He was handled
last year by Sam Fuller, who will
have charge of him this season.

Mr. Chappell, of Windsor, came
in from the south last evening with
his two-year-old trotter, "Wood-
light," who showed a number of
good points as a yearling.

The colored Sedalia horseman,
George Davis, arrived from St.
Louis this week with two
good runners, "Bessie J." and
"Frank Drear." The latter was
purchased in St. Louis and has
never been tracked. He is a sorrel,
three years old, and already looks
the typical race-horse. He looks
as if there was good stuff in him.

J. B. Richmond came in from
Boonville last night with a two-year-
old bay runner, "Buncombe Chro-
mo."

Farmer Wadleigh, of Green
Ridge, was on the track with his
handsome gray trotting stallion,
"just to see what the boys were do-
ing," when Sam Fuller came along
with a smooth-working and exceed-
ingly promising young trotter be-
longing to Moore Bros. The two
horsemen "felt" of each other
awhile and finally "plugged up" a
race. Begun in fun, it soon ran
into dead earnestness and a rattling
go resulted, the horses getting down
to their knitting in fine shape.
Come again, Mr. Wadleigh.

The advertising matter for the
fair this year will be of unusually
high artistic merit. Gast, of St.
Louis, has the work in charge, and
a number of beautiful and original
designs are being prepared for the
catalogue. The large lithograph is
unusually handsome and attractive.
The chief feature of it will be a fine
view of the kite track.
